Hypersense & Clairvoyance	[5D]
<p>You not only have superior senses, but you can project them, or move them at great range. Your senses allow for all spectrums, from ultraviolet to subsonic to micro vision, etc. If you can dream it, you can do it (as a sense), and project it.</p>

_____		3D

Teleport Self	[10HD]
<p>Sometimes, when projecting your senses, you can move your body to your senses, rather than return your senses to your body. You can teleport a distance of up to 5000km, however, you can only teleport to a place you can see through your Clairvoyance.</p>
